

Stefano Orlati

Part of the Titus Group

Solutions to improve competitiveness

Stefano Orlati is a member of the Titus Group, a privately-owned European brand with global reach and over 65 years experience in the development and manufacture of furniture fittings and precision component solutions.

With dedicated Architectural Consultants, and onstaff tradespeople, Stefano Orlati can help make specifying high-quality products simple and cost effective.

Stefano Orlati

Who is Titus Group?

As a manufacturer-distributor, we listen to our customers and use their feedback to continuously improve our products and service.

Titus is owned and managed from the UK and employs more than 800 people across engineering, manufacturing and distribution, with customers in over 60 countries. Titus products are used in whitegoods, furniture, automobiles and many more industries distributed by some of the world's biggest brands. Our flagship products include the revolutionary T-type hinge, the Tekform drawer family and the Stefano Orlati range of decorative fixtures.

We pride ourselves on our totally integrated engineering program and our world-leading engineering teams produce consistent and repeatable quality with unique product advantages.

- + 65+ years of experience
- + Fit-for-purpose innovations
- + Totally integrated engineering
- + Global player
