

NEW LIGHTING PRODUCTS

2021 RANGE

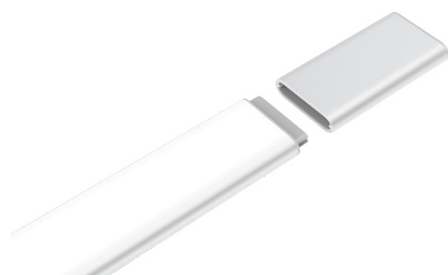

Create intricate lighting designs

Our latest lighting products merge form, function and style to deliver flexible solutions to modern lighting design. Plug and play for no-fuss installation.

Enhanced connectivity

Connect your LED strip lights to the new 5-in-1 Controller for voice-activated Google Assistant and Amazon Alexa integration.

Luna Lithium Lighting

Slim wireless profiles. Detachable and rechargeable lithium battery with magnetic connection. Motion and night sensor detects movement and ambient light for energy-efficient activation.

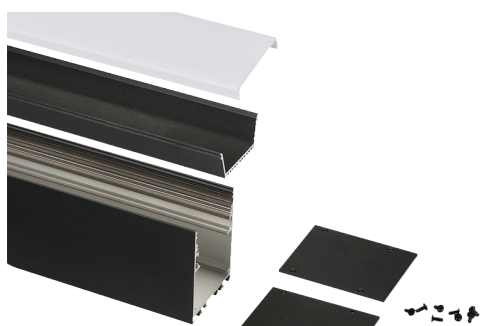

Item No.	Light	Size
612.8L07.152.501	Cool White	520mm

5-in-1 Controller Box

Compatible with Google Assistant and Amazon Alexa voice control. Works with all existing LED strips, control panels and sensor switches. Compatible with both DC 12V and 24V products. 2.4GHz wireless connectivity.

Item No.	Range	Size
612.8S07.101.004	30m	125mm

Pendant Lighting Profile

Profile can be wall mounted or suspended from ceiling for over-bench applications. Profile lengths can be connected three ways - straight, internal 90°, external 90° - to build intricate lighting designs. Aluminium profile fits three strip lights for enhanced brightness.

Item No.	Finish	Size

SO-PENDANT-EC-BLACK	Black End Caps	
SO-PENDANT-MC	Metal Mounting Cl	

New 24V LED Strip Lights

5mm 2835 LED strip offers a narrow width to suit very slim profiles and cuttable in 50mm increments.

8mm COB LED strip features innovative high density chip on board LEDs for a non-dotted light panel effect, cuttable in 11.36mm increments.

Low power consumption. Peel and stick adhesive application.

Item No.	Light	Width	LEDs	Size
